

INAC

INTER-ALPINE
NATURAL HAZARDS
CONFERENCE

REGISTRATION FORM FOR SPONSORS

INDUSTRY MEETS SCIENCE
05-07/05/2025 | CONGRESS INNSBRUCK

UNIQUE OPPORTUNITIES FOR SPONSORS

PREMIERE

The first congress and exhibition in the field of alpine natural hazards at an international level, which specifically brings together science, experts, industry and users.

LEADING

INAC takes place parallel to the world's leading trade fair for alpine technologies INTERALPIN in the heart of the Alps.

RADIANCE OF INTERALPIN

High-quality international trade participants expected (INTERALPIN 2023: trade visitors/decision-makers from 130 nations).

NETWORK

Global networking between the market leaders, experts and trade visitors of INTERALPIN with the congress participants, scientists, associations, industry and the supporting companies of INAC.

HIGHLY PROFESSIONAL

Congress organization by the internationally renowned PCO Tyrol Congress which is a specialized unit of Congress Messe Innsbruck.

Take advantage of the diverse presentation and advertising opportunities at INAC and make your brand visible in the leading congress center of the Alpine and Olympic region of Innsbruck-Tyrol.

GENERAL INFORMATION FOR EXHIBITING SPONSORS BGB - SPECIAL TERMS AND CONDITIONS OF PARTICIPATION, SPONSORING AND EXHIBITION SHALL APPLY

1. Set-up

The set-up times defined in the agreement must be complied with, see details in the BGB. This information is to be communicated to the suppliers. Any extensions of set-up times will be subject to a charge that will be invoiced to the sponsor.

2. Maximum stand height

The maximum permissible stand height is 2.50 m. Greater heights must be approved by Congress und Messe Innsbruck GmbH (CMI).

3. Items brought onsite

Please note that all items brought onsite are not insured by CMI. We therefore advise you take out insurance or employ some form of security.

4. Storage space

CMI's storage space is limited. Interim storage of empty packaging (containers/packages, pallets, etc.) after stand set-up is possible depending on availability and provided a request for such storage is submitted in advance. Storage must be confirmed by CMI, which may also refuse to allow storage without giving any reasons.

5. Dismantling

The dismantling times defined in the agreement must be complied with. This information is to be communicated to all suppliers. Any extensions of dismantling times will be subject to a charge that will be invoiced to the sponsor.

6. Hazards

During the set-up and dismantling phases, conditions in all areas inside and outside the halls and stand areas are similar to those at a construction site. Employees and suppliers must be informed about the special hazards.

7. Parking

There are public underground car parks (for cars only) right near the exhibition centre. These can be used for a fee:

TG Congress:

82 parking spaces, clearance: 1.9 m

– Entrance via Herrengasse

30-minute rate: € 1.40

Maximum day rate: € 17.00 (as of: November 2024)

TG Citygarage:

591 parking spaces, clearance: 2.1 m

– Entrance via Herrengasse or Kaiserjägerstraße

30-minute rate: € 1.40

Maximum day rate: € 17.00 (as of: November 2024)

Transport vehicles may be parked in the direct vicinity of the exhibition centre. Free parking is available in the Rossau area, for example.

8. Deliveries

Deliveries of any type of goods may only be made if such deliveries have been agreed on between the contractual partners in advance. Such an agreement must specify the time of such deliveries, the goods/materials to be delivered, and possible storage arrangements. All applicable statutory regulations must be complied with when deliveries are made.

9. Delivery times

Monday – Thursday 7.00 am -4.00 pm

Friday 7.00 am – 12.00 pm

Maximum 3 days before the event

10. Delivery address

Congress Innsbruck

Event name: INAC

Sponsor name/stand number/name of recipient

Rennweg 3, 6020 Innsbruck, Austria

CMI does not assume any costs for customs, deliveries, or pick-ups. The sender must handle all customs formalities (for imports/exports) in a timely manner. If the recipient is to be invoiced, the recipient is always the customer and not CMI. This must also be noted on all shipping documents. CMI locations are only to be used as delivery addresses

11. Acceptance of deliveries

Deliveries to Congress Innsbruck are accepted by a member of the Facility Management team. The Facility Management office is located on the ground floor inside the building, right next to the loading ramp. Delivered goods will only be accepted if accompanied by complete and valid shipping documents. Goods that cannot be associated with an exhibitor etc. will not be accepted by CMI.

12. Loading/unloading

Vehicles can load/unload shipments using the loading ramp on Herzog-Otto-Straße or, if available, the Dogana gate (ground level). Vehicle standing is free for sponsors during loading/unloading operations. There is no vehicle standing or parking at the exhibition centre site (during set-up and dismantling as well). Pallet trucks and trolleys can be provided for use indoors on request.

13. Pick-ups

Please arrange for all pick-ups to be made during the event's dismantling period. Sponsors themselves must order all pick-ups. All goods/materials to be picked up must be packed and ready for pick-up after the event. All packages, crates, etc. must be properly labelled with the recipient's complete address and then stored in a pick-up area arranged with the project management team.

14. Pick-up times

Monday – Thursday 7.00 am-4.00 pm

Friday 7.00 am – 12.00 pm

15. Pick-up period

No later than 3 days after the event has ended. Any goods/materials that have not been picked up within this period will be removed at the sponsor's expense.

Congress Innsbruck has two cargo lifts:

Cargo lift Dogana:

Basement – 3rd Floor

Dimensions: 5.76 x 3.96 x 2.70 m (L x W x H)

Delivery via loading ramp or Dogana gate

Cargo lift Tirol:

Basement – 1st floor, stage Tirol & 3rd floor

Dimensions: 4 x 2 x 2 m (L x W x H)

Delivery of loading ramp Herzog Otto Straße

16. Avoiding waste

The accumulation of waste is to be avoided at all stands and exhibition areas. Sponsors must do everything they can to avoid the accumulation of waste throughout the entire event. This goal must be incorporated into planning activities, and cooperation between all involved parties must be ensured in this regard. In general, reusable materials should be used for stand set-up and operations, whereby these materials should also be as environmentally compatible as possible.

17. Waste separation

Sponsors must ensure that recyclable materials and other waste are kept separate and properly disposed of.

18. Waste disposal

Sponsors are required by law to ensure the proper disposal of all waste produced when stands are set up and dismantled. If the contractual partner fails to meet this requirement, CMI is entitled to arrange waste collection at the contractual partner's expense. Sponsors are responsible for the proper and environmentally compatible disposal of all waste produced in the course of the set-up, operation, and dismantling of their stands.

19. Energy conservation

In order to keep energy consumption as low as possible, all electrical equipment is to be switched off / unplugged when not in use. Sponsors must also immediately switch off any lights that are not needed. Refrigerators are to be closed quickly after they are opened to remove items. Doors to air conditioned or heated rooms must be kept shut. All sponsors should also take care to use water conservatively.

20. Cleaning

The fee includes one-time cleaning prior to stand set-up. Separate cleaning of stand areas after set-up and/or daily cleaning after the event concludes for the day must be ordered separately and will be invoiced on the basis of the time needed for the cleaning operation.

21. Adhesive tapes

When using adhesive tape for attachments to floors, decorations, posters, posters or similar, only adhesive tape approved by CMI may be used.

22. Floor coverings

Only self-laying carpets or panels may be used to cover floors. Adhesives may not be used to lay floor coverings, and the use of adhesive tiles is also prohibited. The only adhesive that may be used is adhesive tape (see above), which the contractual partner must remove completely, without leaving any residue, after the event is over.

23. Stand safety

Exhibition stands, including all equipment, exhibits, and advertising materials, are to be set up with a degree of stability sufficient to ensure that public safety and order, and especially the life and health of everyone at the event, are not endangered. Stand safety must also be ensured in all phases (stand set-up, operations and alterations, and dismantling).

24. Structural safety

Sponsors are responsible for structural safety and will have to verify such safety if requested to do so.

25. Road safety

Should there be a reasonable doubt that stand or transport safety has not been ensured (even if stand approval has already been issued), CMI reserves the right to inspect stands, exhibits, advertising materials, etc. at the expense of the sponsor, or commission an expert to perform such an inspection, in order to ensure that these are structurally sound and do not pose a threat in terms of transports. .

26. Reliability

Sponsors are responsible for operational safety and compliance with occupational safety and accident prevention regulations at their stands. Exhibitors are also liable for any damages resulting from stand construction and operation and the exhibits placed on stands.

27. Fire lanes & hydrants

All necessary fire department access lanes and fire lanes (designated by no-standing signs) must be kept clear at all times. Any vehicles or objects parked or placed in emergency escape routes, fire and emergency lanes, or safety zones will be removed at the risk and expense of their owners. Fire-fighting equipment in indoor and outdoor areas may not be blocked or made inaccessible or unrecognizable in any way. .

28. Emergency exits & escape routes

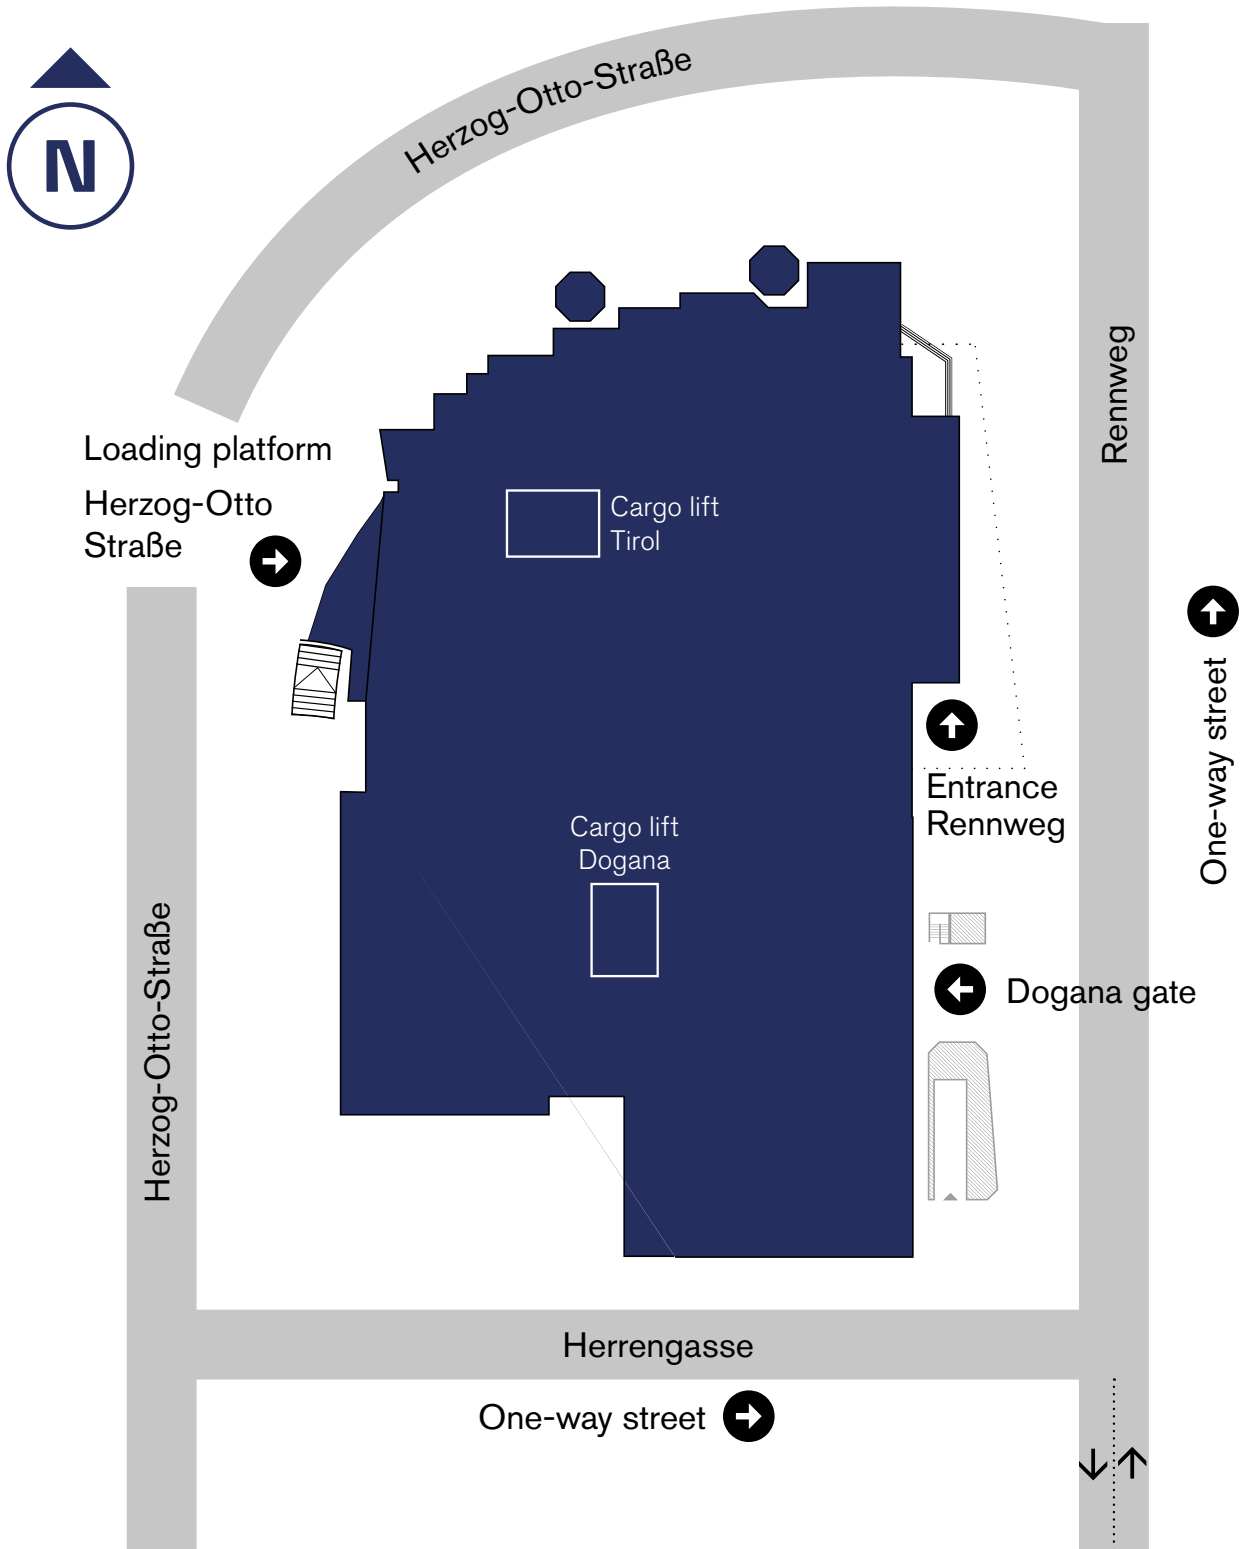

Escape routes must be kept clear at all times. It must be possible to completely and easily open the automatically closing doors along escape routes from the inside. Emergency exit doors and hatches and their signs may not be blocked, built over, locked, or removed – and doors, exits, signs, etc. may not be made unrecognizable or non-functional. Corridors

may not be restricted in any way by objects that have been placed there or objects that protrude into them. No objects may be stored along escape routes. Corridors may not be altered (built over); alterations are only allowed if special permission for this has been issued, as corridors also serve as emergency lanes and escape routes in an emergency.

29. Safety equipment

Sprinkler systems, fire alarms, fire-fighting equipment, smoke alarms, room door locks, and other safety equipment or systems labelled as such, as well as their signage (in particular the green emergency exit signs), must be kept freely accessible and remain visible at all times and may not be blocked.

Delivery plan

HOW TO GET THERE

For more detailed information, visit our website: www.cmi.at/de/anreise-innsbruck

From all directions by train to Innsbruck: from Basel or Zurich, from Munich via Rosenheim or Garmisch-Partenkirchen, from Milan via Verona and Bolzano or from Vienna via Linz and Salzburg.

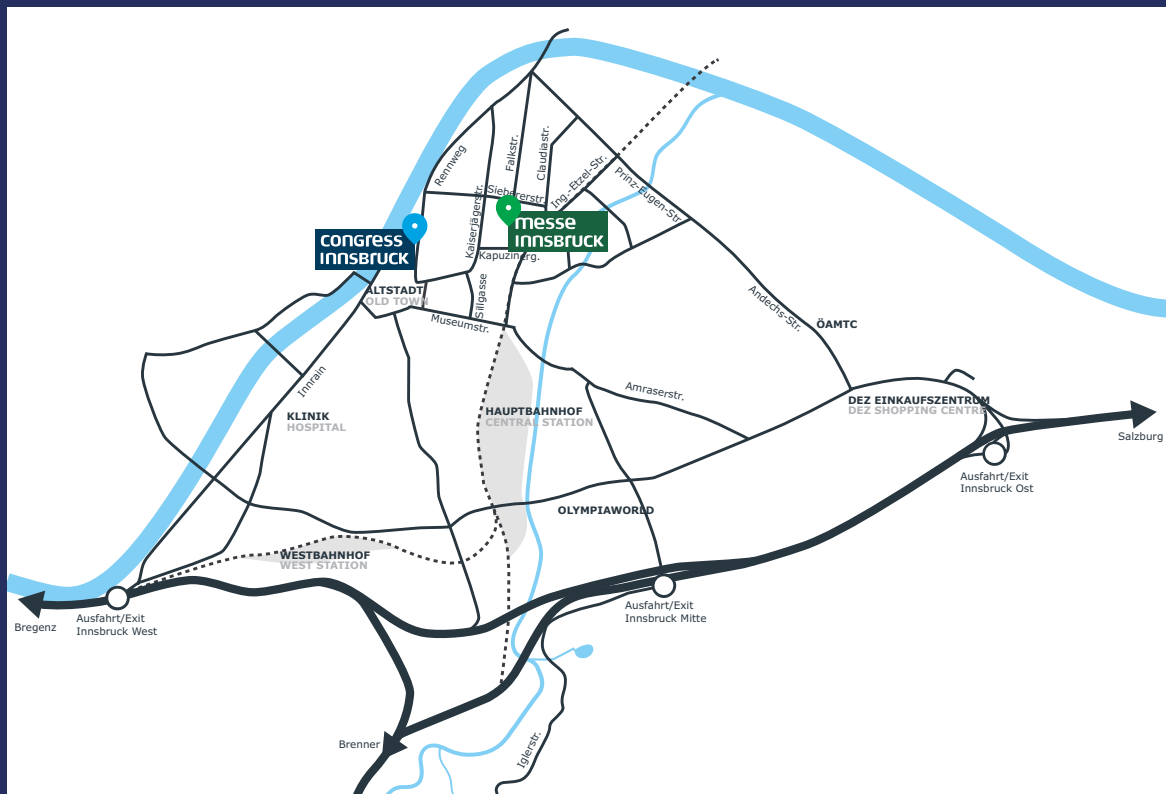

The Innsbruck junction connects the motorways from the west (Switzerland, Liechtenstein, Vorarlberg), from the south (Rome, Milan, Bolzano) and from the east (Munich, Salzburg, Vienna).

Direct flights from many European cities such as Amsterdam, Frankfurt, London and Vienna. Munich Airport is also only a two-hour drive away.

BGB - SPECIAL TERMS AND CONDITIONS OF PARTICIPATION, SPONSORING AND EXHIBITION

1. Event duration

Day 1	05/05/2025	1.00 - 6.00 pm (Congress Innsbruck)
Day 2	06/05/2025	9.00 am - 2.00 pm (Congress Innsbruck) 3.00 pm - 6.00 pm (Messe Innsbruck)
Day 3	07/05/2025	11.15 am - 2.00 pm (Messe Innsbruck)

2. Registration

- 2.1 Registration for participation as a sponsor at INAC must be submitted by February 28, 2025 at the latest using the registration form to Congress Messe Innsbruck, Kapuzinergasse 11, 6020 Innsbruck. Only the official, fully completed registration form is valid as a basis for participation.
- 2.2 Registrations received by this date shall be handled subject to the first-come-first-served principle. The organiser is responsible for awarding sponsorship and exhibitor packages. The organiser reserves the right to reject registrations without stating reasons.
- 2.3 CMI is the organiser of this event. The sponsor has contacted CMI of their own accord in relation to their requirement to book a stand area and any relevant services, with the aim of taking part in the event that forms the subject of this agreement on the aforementioned date, in the aforementioned rooms/foyers/halls/areas at one of CMI's locations. Following checks by CMI, the next step is to establish whether the requested area can be made available to the sponsor for the event that forms the subject of this agreement. If this is the case, CMI will issue a permit.

3. Construction and dismantling of the stands

- 3.1 The organiser will draw up a schedule indicating when each exhibitor can start building its stand. On Monday, May 05, 2025 from 10.00 am, the import of exhibition goods and the construction of stands and presentation spaces may start upon presentation of the confirmation of payment. It is not possible to enter the halls with a vehicle! Set-up and design work must be completed by Monday, May 05, 2025, 12.30 pm.
- 3.2 Dismantling may begin on Wednesday, May 07, 2025, from 6.00 pm at the earliest and must be completed by 6.30 pm
- 3.3 Stands and exhibition spaces must be occupied and vacated on time. Premature dismantling is not permitted in the interests of the exhibition. A fee of € 5,000.00 shall be charged for non-compliance!
- 3.4 If the set-up and dismantling deadlines are exceeded, the sponsor shall bear the costs as well as the risk of the consequences.
- 3.5 After the end of the exhibition, the sponsor must restore the exhibition to its original condition; in particular, damage to floors or walls caused by the use of, for example, artificial adhesives or nails must be repaired by the sponsor within the dismantling period and any painting work required to restore the exhibition to its original condition must be carried out.
- 3.6 If the Sponsor defaults on the fulfilment of these obligations, CMI shall restore them at the sponsor's expense.
- 3.7 Any exhibits remaining on the exhibition grounds after the dismantling deadline shall also be removed at the expense and risk of the sponsor.
- 3.8 The sponsors' stands shall be relocated by CMI from Congress Innsbruck to Forum 2 at Messe Innsbruck on Tuesday, 06/05/2024.

4. Terms of payment

- 4.1 Unless otherwise agreed, all invoices in connection with the event shall be due within 14 days of receipt of the invoice without any deductions. This period shall be reduced if the invoice is issued shortly before the event. The advance invoice must be paid in any case before the start of the event.
- 4.2 If payments have not already been received by CMI, the sponsor must provide proof of full payment of the invoice amount by submission of payment receipts - accompanied by a confirmation of payment from the respective bank - or a cash deposit confirmation; the stand may not be occupied before this proof has been submitted and participation in the event may be refused by CMI.
- 4.3 All supplementary and special services ordered by the sponsor, for example technical stand equipment etc., may be invoiced in part or in full prior to the event by means of an advance invoice. Orders for additional and special services by the sponsor or their authorized representatives based on an advance invoice as well as consumption-based services of various kinds shall be invoiced during or after the respective event. If a stand extension is approved, the final stand rental costs shall be calculated according to the additional dimensions.
- 4.4 Any bank charges incurred for the transfer must be paid by the sponsor.
- 4.5 In the event of default of payment, the legal default interest rate shall be payable.
- 4.6 Offsetting of counterclaims against the stand rental due and surcharges or other payment obligations based on the agreements made shall be excluded.
- 4.7 If the invoice is not paid on time, Congress und Messe Innsbruck GmbH shall be free to relocate the stand area.

5. Withdrawal, cancellation of the contract

- 5.1 The sponsor shall be bound by their request for participation by means of the registration form; once the application has been approved by CMI, withdrawal shall be no longer be permitted.
- 5.2 Even if the participation agreement is cancelled by mutual agreement, the sponsor must pay the agreed sponsorship fee in full, unless the contract is cancelled 150 days before the

start of the event and the sponsorship area can still be allocated elsewhere. In this case, the withdrawing sponsor must pay an administrative fee of 50% of the agreed sponsorship fee. In each case, any other direct costs already incurred by CMI in connection with the sponsor's participation in the event must also be paid in full.

- 5.3 CMI shall be entitled to postpone, shorten or cancel the relevant event for unforeseeable reasons for which CMI is not responsible or in the event of force majeure. This shall also apply to the energy supply. Compensation claims arising from this shall be excluded.

6. Liability

- 6.1 CMI guarantees provision of services in accordance with the contract; no liability or guarantees above and beyond this shall be accepted. Otherwise, the legal liability provisions apply; outside the scope of the Consumer Protection Act, liability is restricted to intent and gross negligence.
- 6.2 The sponsor shall be liable for
 - a) damage to the building or inventory due to a sponsor activity;
 - b) property damage or personal injuries caused by transporting items into the premises and construction and dismantling;
 - c) all accidents suffered by the sponsor's own personnel or contributors commissioned by the sponsor during the preparations for an event as a result of failure to comply with police formalities or event law regulations;
- 6.3 CMI shall not be liable for the behaviour of visitors to the trade fair or participants at the event nor for the loss of items or other damage during or in the context of, before or after the exhibition.
- 6.4 Where employees of CMI provide assistance above and beyond contractual obligations as an accommodation only (e.g. help with unloading/transport etc.), this shall not establish any contractual obligations and such services shall be provided exclusively at the risk of the sponsor.
- 6.5 The sponsor shall have an increased duty of care for the security of their goods; they must store valuable, easily removable objects securely during and outside of event hours and keep them under lock and key if necessary.

7. Data protection regulations

The protection of your personal data is very important to us. In accordance with the GDPR we would like to draw your attention to our privacy policy in connection with your rights and options for lodging objections. You will find the privacy policy on our website under the following link: <http://www.cmi.at/en/privacy.html>

Congress und Messe Innsbruck GmbH (CMI), Rennweg 3, 6020 Innsbruck, +43 (0) 512 5383-0, office@cmi.at, processes the personal data of contact persons provided by you in this registration form/request for participation for INAC or, insofar as the sponsor is a natural person, their data for rendering the services selected in this registration form/application for participation on the basis of fulfilment of the contract. If it is necessary in order to render the services selected in this registration form/request for participation for INAC, Congress und Messe Innsbruck GmbH will forward your personal data to the relevant subcontractors. Apart from this, your personal data will not be disclosed to any third parties. Insofar as there are no statutory duties of preservation and your personal data is not required for the assertion, exercise or defence of legal claims, your personal data will be erased after full processing of the contractual relationship. Congress und Messe Innsbruck GmbH likewise processes your personal data for direct marketing purposes based on justified interests. You may lodge an objection to the processing of your personal data based on justified interest at any time.

As the data subject you have a right to receive information, to lodge an objection and a right of rectification, erasure, restriction of processing and portability of your personal data. You may assert your rights at privacy@cmi.at. You also have a right to lodge a complaint with the Austrian data protection authority.

General Terms and Conditions (GTC) for Events – Congress und Messe Innsbruck GmbH (CMI)

Without prejudice to statutory provisions and contractual conditions in the individual case, the contract concluded by CMI with the Renter as well as all other verbal and written agreements made as part of event development and implementation are subject to the following "General Terms and Conditions (GTC) for Events".

I. Basic principles

- CMI is required to act in accordance with the principles of responsible business practice in an open society. As a provider in the sphere of free competition CMI is free in its decisions to conclude contracts or to decline to conclude them, without even stating reasons.
- The principles of responsible business practice mean that CMI's fundamental company policy includes safeguarding all the values associated with an open society based on a modern, democratic state under the rule of law. Therefore, CMI does not provide facilities for Renters and events with incompatible principles. Discrimination, especially in relation to gender, origin, skin color, religion or other personal orientations as well as extremist or radical ideology and the dissemination of such ideas are incompatible with the character of the venue as a place for meeting, entertainment, science, business, culture and communication and are not acceptable. CMI does not conclude contracts in respect of events that are incompatible with these principles and reserves the right to make a free decision at any time. This does not require any justification; there is no entitlement to conclusion of a contract in such cases. All other claims are also excluded.
- CMI therefore also reserves the right in individual cases to declare cancellation of a contract that has already been concluded, cancellation of an event or closure of a trade fair stand for compelling reasons. This is possible, for example, if it becomes apparent after conclusion of a contract that events are to be held or messages are to be disseminated the content of which is contrary to the principles of CMI's company policy or contrary to the stated ethical principles of their shareholders.
- CMI shall have no obligation to state further details by way of justification of the cancellation. Legal actions for performance of contracts, compensation and other claims resulting from such cancellations shall be excluded. This shall also apply in particular if it subsequently becomes evident when examining contracts which have already been concluded that key information provided to CMI which is required for assessment of an event in accordance with these principles was incomplete or untrue. CMI's further contractual rights of cancellation and other rights shall remain unaffected.
- If an event that has (party) political content is permitted, Renters must ensure that it is organized, prepared, announced and monitored within a framework does not affect other events in the premises of CMI whilst also ensuring that other visitors, suppliers and other persons do not come into contact with the event and its content. Otherwise, cancellation of the contract or of the event or closure of the trade fair stand or of the rented object will be possible.
- The dissemination of political information and advertising material as well as direct or indirect promotion of political parties, associations, groupings, clubs, movements etc. during other events that take place in parallel or outside of the trade fair stands booked and organized by these groups is therefore prohibited in so far as it is not an event organized by one of these groups. Any breach will lead to immediate cancellation of the contract.

II. Conditions of contract

1. Scope of use

- The Renter's authorization of use exclusively covers the events subject to the contract and the times and purposes concluded in the agreement. This authorization may only be passed on to third parties to setup stand areas and always requires express consent from CMI.
- If no exclusive or overall rent of one or more of CMI's locations is agreed in the contract, flows of visitors and guests can overlap, especially in the foyer, entrance and toilet areas and in relation to the visitor guidance system. This does not constitute an impairment of the Renter's usage rights; claims against CMI based on such circumstances, irrespective of the type and in whose name claims are asserted, shall be excluded.
- The Renter shall assess the rented object for proper condition when accepting it, and report any deviations from the conditions agreed in the contract immediately; subsequent complaints shall be excluded and shall not lead to a reduction of the fee.

2. Changes and decorative products

- Changes in the seating arrangements or exhibition layouts approved by CMI and changes to the appearance and/or the equipment of the rented object must not be made without authorization. They must be coordinated in advance with CMI and they require agreement of CMI. Any additional costs incurred by such changes shall be borne by the Renter alone.
- The escape routes must be kept free at all times. For reasons of safety event spaces, transport routes and other spaces in the event building may only be decorated with plants, garlands, bänderoles, advertising banners, ornamentation, affixed with posters or stickers, and carpets laid etc. by the Renter or third parties by arrangement with CMI and after approval from CMI. Not only are all these measures, referred to hereinafter as "decorative and promotional objects and equipment", affixed at the cost of the Renter, whereby all relevant safety and other statutory provisions apply. They must also be removed and disposed of without damage or residue by the Renter or by a licensed company engaged by the Renter. Any residue and/or damage must be paid for exclusively by the Renter. Items that are not removed by the agreed deadline shall be removed at the cost and risk of the Renter.

3. Security

- The Renter shall be responsible for the safety concept of their event and must not only observe all statutory regulations and regulations formulated by CMI in the General and/or Special Terms of Business or Participation, but must also take all measures to ensure that they are implemented. The Renter shall bear exclusive responsibility for compliance with conditions stipulated in notifications from authorities.
- If the Renter intends to install ceiling suspensions, this must be agreed in good time with CMI and an irrevocable written consent must be obtained from CMI. The Renter bears sole responsibility for lawful planning, installation and testing of ceiling suspensions, and is also obliged to contract and hire only licensed companies for such works. The Renter must keep the all necessary certificates of competence of the contracted companies and structural approvals to hand, and produce them at any time on request. If some or all of the required documents are missing or in the event of deficient implementation, CMI reserves the right to demand immediate removal at the expense of the Renter, and to contract an expert at the expense of the Renter in the event of discrepancies.
- Open flames and highly flammable liquids or elements are strictly prohibited in all event buildings, including the open-air grounds. Candles, oil lamps etc. may only be used as table decorations with the express consent of CMI. Liquid gas canisters (propane, butane) and other pressurized containers and pressurized bottles are generally prohibited in the building.
- The Renter must ensure that the battery is disconnected on exhibited vehicles without a main switch. The fuel tank must be emptied to a minimum capacity. In the case hydraulic lifting equipment, a safety sleeve must be attached to the lifting cylinders.
- A general smoking ban applies in all premises at CMI's locations in accordance with the statutory regulations. Creation of smoking areas in the external areas is permissible only after express consent from CMI. The Renter is required to comply with the statutory regulations; CMI accepts no liability in the case of non-compliance with the smoking ban.
- For reasons of safety no dogs or other animals are permitted in CMI's event buildings. A general exception to this regulation is guide dogs for blind people, and a specific exception, only after express consent from

CMI, is specific events, e.g. animal shows. CMI is authorized to eject visitors and guests from the building if they take animals into the client's premises. The Renter must ensure that guests and visitors who attend their event are informed about this. In this regard, CMI accepts no liability and the Renter must indemnify it against all parties.

- Fittings, decorative products, devices, backdrops etc. prepared by the Renter may only be erected and used with express consent of CMI. Even in such cases, only objects of low flammability, or objects rendered flame retardant using a legally permitted and state-of-the-art impregnating agent may be brought in or affixed. Highly flammable material (e.g. paper, wood shavings, straw, rush mats, mulch etc.) is generally prohibited; materials for decorative purposes and other objects must be classified in flammability classes B1, Q1 and TR1, currently valid. Decorative and promotional objects and equipment must always be affixed out of reach of the visitors and must be placed in a way that prevents them coming into contact with sources of fire. Without exception, use of any pyrotechnic effects shall only be permitted after prior approval by notification from the Federal Police Department in Innsbruck and substantiated written permission from CMI. In any case, the Renter shall be liable for the legal permissibility of its design intentions.
- All safety equipment at the locations, e.g. fire doors, emergency exits, fire alarms, hydrants, smoke and heat detection systems, sprinklers, electrical distributors as well as various other items of technical equipment, e.g., telephone distributors or heating and ventilation systems etc. must be kept freely accessible at all times and must not be blocked.
- CMI will inform the Renter about the existence of sprinkler systems in contracts and/or in any applicable Terms of Business or Participation. The Renter must ensure that the operation of installed sprinkler systems is not affected by placement of decorative materials or advertising. Materials may be used for canopies only if they are sprinkler-compatible and only by arrangement with the authority. A party causing damage to the sprinkler system must pay for the damage as well as resultant costs. If the culprit is not clearly identifiable, the Renter shall be liable.
- The Renter must deploy specialist qualified personnel only to perform the work. The technical and electrical systems in the rented object must only be operated by employees of CMI.
- The Renter is responsible for obtaining the official permits required for the event in good time. CMI reserves the right to cancel the contract or the event if the Renter does not have them. Legal actions brought against CMI for performance of contracts, compensation and other claims resulting from such cancellations shall be excluded. All official requirements must be complied with at all times. In this regard, CMI accepts no liability and the Renter must indemnify it against all parties.
- The Renter must ensure that official supervisory bodies, representatives of the authorities and persons otherwise authorized by CMI can freely access the rented object at any time before, during and after the event.
- If legal provisions are breached, including youth protection laws or the general smoking ban, CMI is authorized to take steps through its own security personnel, and bar guests or visitors from entering its locations again, and/or take other suitable measures, including such measures against employees of the Renter. In the event of gross violations of security-relevant regulations, CMI is authorized to break up or stop the event without delay. Legal actions brought against CMI for performance of contracts, compensation and other claims resulting from such cancellations shall be excluded.

4. Reservations

A reservation or appointment option prior to conclusion of a contract for rooms, areas, payments in kind and/or services shall not give rise to any claims on the part of the Renter. This shall also apply for any costs and outlays for works commissioned by the Renter under their own responsibility on the basis of a reservation by CMI and shall apply in the same way to costs and outlays for the Renter's own works.

5. Breaches of contract relating to the content of events and trade fairs

- If it becomes apparent that a Renter has, contrary to the information provided by them upon conclusion of contract, conducted an event with different content or they offer other objects or services, CMI shall be entitled to cancel the contract with immediate effect, terminate the event or close the trade fair stand.
- Legal actions for performance of contracts, compensation and other claims resulting from such cancellations shall be excluded. This shall also apply in particular if it subsequently becomes evident when examining contracts which have already been concluded that key information provided to CMI which is required for assessment of an event or participation in it in accordance with these principles was incomplete or untrue.

6. Poster prohibition and related matters

- It is in the essential interest of CMI as the lessor that events taking place in rooms in the premises of CMI are announced in a manner commensurate with the character of CMI as the leading events center in Tirol, safeguarding the rights of other persons and legal entities and respecting property rights of third parties.
- The Renter's attention is therefore drawn to the statutory regulations, in particular those of advertising and events law and to the fact that announcements and advertising, e.g. posters and similar items, are not generally permitted outside the areas designated for them. The Renter must therefore make the necessary arrangements so that event-related advertising as well as the external appearance of advertisements comply with legal regulations and take account of the urban environment in a responsible manner. The Renter must also impose these obligations upon advertising companies engaged by them in a suitable manner and draw their attention to the legal consequences of non-compliance.

A general Poster prohibition applies at CMI's locations. Use of defined advertising areas is possible only by arrangement with CMI and with application of the current price list. The Renter is required to remove, immediately and at their own expense, posters placed in breach of regulations and to pay any costs incurred by CMI through removal.

7. Breaches of copyright

- CMI demands that the legal regulations relating to trademark and design protection, the need to respect and safeguard third party intellectual property rights, copyrights and rights to use work be complied with in every way at all times and without exception by all Renters and their people.
- If it becomes apparent that such regulations are breached, irrespective of the reason, CMI shall have the right to cancel existing contracts with immediate effect, to terminate the event or close the trade fair stand, whereby the Renter shall on no account have any claims against CMI. In any case objects and tools associated with the breaches of regulations or which give rise to them must be removed from CMI's locations immediately. If the Renter or their people do not comply with this requirement, an alternative arrangement at their cost shall be permissible. If the number of people breach regulations, all shall have joint and several liability without limitation. In this regard, CMI accepts no liability and the Renter must indemnify it against all parties.

8. Cash register and tax duty

CMI draws attention to the fact that the statutory regulations relating to the cash register and tax duty in Austria must be complied with by Renters in all cases. It is the exclusively of each Renter himself to check his legal responsibility to ascertain whether the legal regulations mentioned apply to him and, if so, to make the necessary arrangements. CMI shall not accept any liability whatsoever for legal disadvantages resulting from non-compliance with these obligations on the part of the Renter and shall have no obligation in this connection to provide any type of clarifications. Those responsible shall themselves be responsible in the case of infringements.

9. Remunerations

- If nothing to the contrary is agreed, for example in the Special Terms of Business or Participation, down payments or bank guarantees are due on the agreed date at the latest, and invoices are due for payment 14 days after receipt without deductions. In the event of default of payment, the legal default interest rate shall be payable.
- CMI reserves the right to demand up to 100% of the contract total and of any ordered additional services

in advance as a down payment. If payments are not received by the due date or if a valid bank guarantee is not provided by the due date, CMI reserves the right to cancel the order.

9.3 For stand set-up material and fittings provided by request of the Renter, the prices valid per the current price list shall be charged, as will the expense incurred by CMI for additional services not included in the agreement, including increased personnel expenditure.

9.4 We reserve the right to invoice provision and cleaning service costs above and beyond the usual scope.

9.5 The use period per event day is set as maximum 12 hours and starts when the rented space is handed over. If this period is exceeded, a supplement of 10% of the basic rent shall be incurred per hour or part thereof plus any HR costs.

10. Third-party services third-party service providers at the locations

10.1 The Renter may only bring in third-party technology and external staff with express prior consent from CMI. In any case, costs of one CMI technician and/or project manager must be incorporated as a contact for the entire event period.

10.2 If CMI must conclude agreements with third parties for various external services associated with running the event in order to fulfill the contract, the resulting expenses shall be invoiced on to the Renter. CMI is entitled but not required to obtain settlement for outlays or other costs for external purchases by using payments received by CMI for the Renter as well as deposits etc. for this purpose whilst issuing notification of this procedure. The Renter must indemnify CMI against such third-party claims.

10.3 The Renter must ensure that third-party service providers engaged by them comply with all rules and regulations of CMI at CMI's locations. CMI must be indemnified in the case of contravention.

11. Security/Law enforcement

11.1 At major events, the Renter can also provide security and hall supervisors after prior coordination with CMI; they may have to follow the instructions of the persons commissioned by CMI in their work. The authorities shall decide on the necessity of the presence of law enforcement (e.g. police, building inspectorate, fire department, emergency service or medical services); even without orders to this effect, CMI is entitled to make such arrangements and/or to recommend them. In any case, the Renter shall pay the costs incurred for this directly to the corresponding bodies.

11.2 The Renter bears sole responsibility for observing the requirements for event organizers under the Tiroler-Event Act. CMI shall not accept liability for damage that can be traced back to violation of these obligations, and the Renter must indemnify it against any claims whatsoever.

12. Catering

Catering for all events shall be provided exclusively by contractors appointed by CMI to which the exclusive right is granted to provide catering services at CMI's locations.

13. Photography/publication of the event/data protection

13.1 CMI shall be entitled to make drawings, photographs, video recordings, etc. during the event and to use them for their own purposes (e.g. social media, web presence) or for general press publications, taking into account the provisions of data protection law as well as other provisions.

13.2 By signing the contract, the Renter also gives its permission to publish the title of the event for advertising purposes on digital and printed event posters and calendars, on the website and CMI's social media channels, IT information computers and other directories and for statistical purposes. CMI must be notified if the Renter does not want this. If consent from third parties is necessary for this, the Renter must obtain consent for it in good time; if the relevant third party refuses to grant consent, the Renter must notify CMI about this in writing immediately.

13.3 The Renter itself is responsible for the prevailing legal data protection regulations. In the case of contraventions, CMI must be held harmless and indemnified and shall accept no liability.

14. Free tickets and choice of seats

14.1 The Renter shall provide CMI with a contingent of free tickets for public events (apart from congresses, seminars, meetings and other specialized events) amounting to at least 1% of the total capacity of the rented premises. In the case of seated concerts in the Dogana rooms and the Tirol and Innsbruck rooms the Ö-ticket seats are stored in the standard setting plan by means of seat reservations.

14.2 In the case of special seating CMI will use the seating plan to notify the seats to be reserved. In the case of balls and standing concerts, category 1 standing-room tickets are to be provided. CMI produces the corresponding tickets for free tickets until the time of cancellation; the Renter agrees to this. In the case of trade fairs and exhibitions the Renter provides CMI with a contingent of at least 30 free tickets. They must be handed to the management assistant of CMI no later than 30 days before the event.

14.3 Furthermore, CMI reserves the right to claim a contingent of specific seats for security forces, police and security staff for every event.

15. Early contract termination

CMI is entitled to withdraw from the contract without further grounds if:

- a) the Renter has not paid the agreed compensation on time;
- b) the contractually agreed proofs of the fulfillment of certain obligations are not provided;
- c) circumstances become known, or the Renter should know of circumstances indicating that the planned event contravenes existing laws and agreements;
- d) it is to be feared that the planned event will result in a disturbance of public order and safety;
- e) the rented object cannot be provided due to force majeure or other circumstances for which CMI is not liable;
- f) the Renter is in default of payment from previous contracts by more than 30 days;
- g) the Renter breaches the basic principles of these GTC.
- h) there is a breach of these GTC, in particular of the provisions that constitute grounds for cancellation.

16. Cancellation

16.1 Explicit or implicit withdrawal from the contract by the Renter shall result in cancellation fees and an obligation to compensate CMI for expenses incurred – in the case of withdrawals up to 12 months before the start of the event insofar as nothing to the contrary is stated in the contract: 25%, up to 6 months before the start of the event: 50%, from 6 months before the start of the event: 75% and from 90 days before the start of the event: 100% of the contractually agreed fee plus the legal VAT. The contract fee must be calculated on the basis of the total amount of the contractual service and shall be charged in full in any case. Furthermore, CMI must be reimbursed in any case for all costs and outlays already incurred in connection with the event.

16.2 The date of receipt of the written notification of withdrawal at CMI shall be authoritative for calculating the period. CMI is entitled to view default of payments or contractually agreed proofs by 14 days as implicit withdrawal by the Renter. This provision shall apply even if CMI does not draw the Renter's attention to it specifically.

16.3 The prior reservation shall lapse if the signed contract is not returned punctually. This provision shall apply even if CMI does not draw the Renter's attention to it specifically. The Renter must comply with all deadlines in this connection that are expressly stated in the contract, and CMI is not required to draw attention to this again. If the prior reservation lapses, CMI shall be entitled to award the event date and location to another interested party. The Renter shall in any case bear full liability and pay all costs and expenses already incurred in connection with the relevant events.

17. Liability

17.1 CMI guarantees provision of services in accordance with the contract; no liability or guarantees above and beyond this shall be accepted. Otherwise, the legal liability provisions apply; outside the scope of the Consumer Protection Act, liability is restricted to intent and gross negligence.

17.2 The Renter shall be liable for

- a) damage to the rented object or inventory due to the event;

- b) property damage or personal injuries caused by transporting items into the premises and construction and dismantling;

- c) all consequences from exceeding the maximum number of visitors;

- d) all consequences from insufficient security personnel, where it is provided by the Renter;

- e) damages, costs, consequences and claims arising from the fact that provisions and conditions of the respective event contract, existing official permits and other requirements, instructions for the in-house event service or instructions issued by another representative, in particular also reprimands or other measures applied under company regulations, are not complied with or are not fully complied with;

- f) all accidents suffered by the Renter's own personnel or artists, speakers and/or other contributors commissioned by the Renter during the preparations for an event or the event itself as a result of failure to comply with police formalities or event law regulations; this shall also apply in particular to people and visitors who attack other persons, guests, employees and contributors, injure them physically or otherwise cause them harm;
- g) damage caused by visitors or guests of the event, no matter who suffers it, in particular for extraordinary wear in spaces accessible to the public as part of the event, and the fittings and installations therein;

- h) Renters who fulfill their obligations under the event contract/rental agreement in a manner that is inadequate and does not comply with the law, thereby causing damage, threatening other guests, requiring security services or necessitating intervention by the security authorities, shall be liable for all costs, consequences and claims arising therefrom, including under criminal law and in accordance with the provisions of the VStG (Administrative Offences Act). This shall also apply to any costs associated with legal action, damages that have to be paid to third parties or entities or any other possible claims;

- i) as part of contingent liability for all supplementary services ordered by exhibitors and business partners;

- j) for breaches of regulations in these GTC.

17.3 CMI shall not be liable for the behavior of visitors to the event nor for the loss of items during or in the context of, before or after events.

17.4 Where employees of CMI provide assistance above and beyond contractual obligations as an accommodation only (e.g. help with unloading/transport etc.), this shall not establish any contractual obligations and such services shall be provided exclusively at the risk of the Renter.

17.5 The Renter is required to take out all necessary insurance.

18. Note about possible circumstances outside CMI's sphere of influence

18.1 Based on experience, including the context of the COVID-19 pandemic, CMI draws attention to the fact that at the time of contract formation it may not be possible to predict whether, how and especially under which circumstances the event covered by the contract can take place.

18.2 Circumstances may therefore arise that are outside the CMI's sphere of influence and result in the legal conditions, the actual planning and feasibility as well as the economic possibilities for the event deviating completely from those applicable at the time of the contractual agreement.

18.3 Consequently, it also not CMI's responsibility if laws or bylaws, or the organization of the event that forms the subject of this agreement, don't lead to the desired result – either for legal or actual reasons – namely the running of the event on the aforementioned date in the intended rooms/foyers/halls/areas at one of CMI's locations.

18.4 Therefore, CMI assumes no liability at all, of any type and howsoever named, if the event cannot be held and/or has to be cancelled for reasons relating to the protection of public safety and/or public health and/or other reasons of public interest. In such cases, all claims against CMI shall be excluded, irrespective of the reason they may or could be asserted. This shall also apply to reimbursement of costs, expenses and fees, expenses etc that have already been incurred. Other expenses, payments to third parties or fees, levies and other payment charges shall likewise not be reimbursed. Compensation for damages of any kind whatsoever shall be excluded.

18.5 It shall be the sole responsibility of the Renter to obtain information about any relevant issues which is important or essential from their point of view and to create the basis for their decision. In this context, CMI shall have no ancillary or other contractual obligations, no obligations to provide information, clarification or advice and therefore cannot be held liable for a breach of such duties. All publicly available, published news and notices accessible that has been announced shall be deemed to have been received and known by the Renter with respect to such circumstances. This shall also apply to laws, standards and other binding orders. Notices and individual settlements must be accepted by the Renter if they have been received by the Renter in any way whatsoever.

18.6 The Renter must take into account all statutory regulations and other obligations and implement them under their own responsibility; they shall also be liable for preparation of all concepts and other documents, schedules and similar that may be necessary in this context, shall provide the infrastructure required for this purpose and must also ensure that all inspections and examinations, of whatever type and howsoever named, that may be required by law or on the basis of a specific legislative act or other binding standards, are implemented by them, properly and professionally, at their own expense and risk, for which all costs and expenses shall be paid by them, even if parts of the infrastructure and/or employees are provided by CMI in this context.

18.7 CMI shall be free, without further consultation or notice, to take all measures that must or may be taken in response to any such extraordinary factual or legal situation in order to make decisions that are necessary or appropriate in the public interest and in the interest of CMI, its customers, employees and all other people concerned, based on an informed consideration of the relevant circumstances, as may be necessary or appropriate to prevent harm and to respond adequately to the situation. No claim against CMI may be derived from such measures; 18.2 shall apply mutatis mutandis.

19. Costs

Any costs, fees, taxes and other charges associated with drawing up and processing this contract shall be passed on to the Renter in the invoices.

20. Final provisions

20.1 No legal challenges against the contract due to error or other legal institutions shall be accepted.

20.2 Agreements in deviation to this contract, including consent to measures and work planned by the Renter shall only apply if they are made in writing or confirmed in writing by the management of CMI.

20.3 Statements sent by CMI to the last address announced to CMI or to the contact person specified by the Renter shall be deemed effectively delivered.

20.4 The Renter must assert any claims against CMI in writing within three months after the end of the event. Otherwise, they shall be deemed expired and statute-barred.

20.5 All contracts and agreements are subject to Austrian law only; Innsbruck is the place of performance and court of jurisdiction.
